

# Feedback Fund

The Blagrove Feedback Fund to support improved listening, learning from, and support to, young people

## What is it?

Small grants of between £1,000 and £4,000 to assist organisations with a particular aspect of **gathering feedback from service users or advancing work in this area.**

## Who is eligible?

Charities with a turnover of at least £50,000 pa working to support young people aged 11-25 in the counties of:

- Berkshire
- Hampshire and the Isle of Wight
- Wiltshire
- Sussex

**Please see 'What we fund' for more information on our current priorities.** We will prioritise applications from smaller organisations (where turnover is less than £1m pa) unless a strong case can be made for why the work cannot be funded from existing resources. The fund is open to existing Blagrove partners and new applicants.

## What could it cover?

We want to fund project work in this area. Example activities could include:

- Designing, undertaking and analyzing a feedback survey
- Engaging an 'expert' in some stakeholder consultation / learning
- Bringing in some digital technology to support feedback practice
- Designing needs assessment to inform programme development and direction
- Funding training for staff
- Looking at monitoring and evaluation practice and how feedback is currently and could be better incorporated
- Giving voice to beneficiaries through a short film

## How do I apply?

Submit a proposal to the Blagrove Trust (maximum 2 sides of A4), explaining:

- the idea you want to pursue
- the rationale (why the organisation has not been able to do this already or in other ways)
- the cost
- the potential value and outcomes for your organisation.

Deadline for applications is **31 July 2016**. You will receive a response within 4 weeks.

Send completed proposals to [grants@blagravetrust.org](mailto:grants@blagravetrust.org) If the Blagrove Trust has not funded you before, please include a link to your organisation's website and indicate where a copy of your organisation's most recent annual report can be found. You will also need to supply the names of two independent referees for your organisation.

## Reporting

You will be expected to utilize and report upon the funds within **6 months** from receiving an offer from us. Successful projects will be asked to write a blog that can be shared on the Blagrove website highlighting the project, what came out of it, and what was learnt.
