

# Regional Partners Day – Photographer Brief

## Introduction

The Blaggrave Trust is an independent charitable funder. Our mission is to bring lasting change to the lives of young people facing and fighting social injustice. We fund and collaborate with partners to bring lasting change to the lives of young people. We invest in them as powerful forces for change and act upon their right to be heard in pursuit of a fair and just society. We do this by funding youth organisations, young people directly, and by supporting youth organising. We currently fund around 50 youth organisations, and each year we bring them together for an event to celebrate their work and share expertise. We are looking for a photographer to help us document that event.
