

Funding in the South East

Wiltshire, Berkshire, Sussex and Hampshire & the Isle of Wight

Introduction

Blagrove's Regional Grants Programme offered funding to youth organisations delivering long-lasting impact in four counties across the South East of England; Wiltshire, Berkshire, Sussex and Hampshire & the Isle of Wight. We are so proud to have worked alongside a cohort of incredible and inspirational partners and we recognise that their hard work, resilience and willingness to be led by the young people they serve has led to considerable impact across the region. As part of the legacy of the programme, we are keen to continue to support local youth organisations wherever possible. To that end, this is a list of alternative sources of funding in the region.

Please note the list below was correct at the time of writing, but may change, and is not exhaustive. Further opportunities may be available; check funding databases for more information. The [Charity Excellence Framework](#) provides a free database.
